

CLASS: Year 6

DATE: 01.04.22

Talking Homework

	QUESTIONS TO ASK YOUR CHILD (this is to stimulate talk with your child – there is no need for you to write anything down or return the sheet to school)
MATHS This week we have been revising our knowledge of angles. We identified the different kinds, related them to properties of specific shapes and calculated missing angles on a straight line and around a point.	Name all the different kinds of angles How would you calculate the missing angle on a straight line? Around a point?
ENGLISH Reading In 'Kensuke's Kingdom' Michael and Kensuke are starting to form a friendship – he is teaching Michael to paint. We discussed friendships and what things bring us together. Writing We were completing our Curriculum Write This week considering if Human or Physical threats are the biggest danger to our planet.	How did you meet one of your friends? What do you consider to be the biggest threat to the planet?
SCIENCE After investigating the brightness of bulbs in relation to the number of them in a circuit, we concluded our Electricity topic with an assessment.	What did you find out in the investigation about bulbs?
TOPIC We concluded our topic – 'Are we the biggest threat to the world?' with a formal class debate. We then wrote up both sides of the discussion and drew our own conclusions based on the evidence presented.	What was your role in the class debate? Which side did you vote for? Why?

We hope you enjoy talking at home about your child's learning this week.

Every child will be set 3 pieces of Mathematics homework each Monday, to be completed by the following Monday. We will also be testing the spellings each Friday. Thank you.

Wonder words: resemblance, insulator
