

CLASS: Year 5

Talking Homework

Date: Friday 10th December

	QUESTIONS TO ASK YOUR CHILD (this is to stimulate talk with your child – there is no need for you to write anything down or return the sheet to school)
MATHS This week, we have been focusing on both expanded and short multiplication. We have looked at multiplying 2 digits by 1 digit using the formal written algorithm.	What is expanded method? What is the short multiplication method? Use both methods to do 27 x 6
ENGLISH Reading We have continued reading our class text, 'Clockwork' by Philip Pullman. Writing We are have now written our newspaper articles about the mysterious royal return!	What were the answers to the 5Ws you included? What went well? What could have been improved?
ART For the charity, Age UK, we have made Christmas cards to be delivered to local residential homes. We made 3D cards with baubles made of card on the front.	How do you think this will make the recipients feel? How does it make you feel?
LITTER PICKING! This week, Year 5 went around the local area picking up litter (hygienically!) for about an hour. It was so surprising how much litter was around that we did not notice at first! I hope that you will notice the streets looking especially clean this week!	Why is it important to not litter our streets? What else could we do?

We hope you enjoy talking at home about your child's learning this week.

Every child will be set 3 pieces of Mathematics homework each Monday, to be completed by the following Monday. We will also be testing the spellings each Friday. Thank you.

Don't forget about Times Tables Rock Stars too!

Wonder words: perplexed, fathom
