

Date: Friday 20<sup>th</sup> May

	<b>QUESTIONS TO ASK YOUR CHILD</b> (this is to stimulate talk with your child – there is no need for you to write anything down or return the sheet to school)
<b>MATHS</b> This week, we have looked at fractions and decimals on number lines and compared fractions and decimals by converting.	Which is bigger? 0.6 or $\frac{3}{4}$ ? How do you know?
<b>ENGLISH</b> This week we have been word-processing our brochure about Wildchild etc. on the Chromebooks using Google Slides.	How was your final piece persuasive? What was the thinking behind your design?
<b>RE</b> We have focused on Islam and the Ummah this week. We have looked at the 6 key beliefs of Islam and produced some art related to the Ummah using geometric patterns.	What are the 6 key beliefs of Islam? Describe your art piece.

**We hope you enjoy talking at home about your child’s learning this week.**

***In addition to the usual weekly homework, we will also be testing the spellings and times tables each Friday. Thank you.***

***Don’t forget about **Doodle** and **Times Tables Rock Stars** too!***

***Wonder words: infinite, constellation***
