

CLASS: Year 6

DATE: 11.03.22

Talking Homework

| | QUESTIONS TO ASK YOUR CHILD (this is to stimulate talk with your child – there is no need for you to write anything down or return the sheet to school) |
|--|---|
| MATHS This week we looked at Ratio and proportion. We learnt the difference between them and how to calculate using real-life worded problems. | Can you explain the difference between Ratio and Proportion? |
| ENGLISH Reading Disaster has struck in 'Kensuke's Kingdom' – Michael has been washed overboard! We discussed different survival techniques. Writing We concluded our magazine articles and then constructed a short poem about Sir Lancelot using different kinds of figurative language. | Do you think you would survive on the island? What essentials would you need? What different kinds of figurative language do you know? |
| SCIENCE As part of our work on Electricity, we started to work on drawing Circuit Diagrams – demonstrating our knowledge of different components and how we can show an incomplete circuit. | Why are Circuit diagrams drawn as squares? What do we mean by an Incomplete circuit? |
| R.E It was R.E week this week and we looked at the concept of 'Sewa' – service to others and we recorded our Sewa acts throughout the week. | Can you explain 'Sewa'? What acts did you do this week? |

We hope you enjoy talking at home about your child's learning this week.

Every child will be set 3 pieces of Mathematics homework each Monday, to be completed by the following Monday. We will also be testing the spellings each Friday. Thank you.

Wonder words: legendary, reputedly
